### Swimming at Lasan

For my second year at Lasan, it's fun, exciting, and more anticipating than any other summer school I've been to! But what I really want to share is SWIMMING. On my first day of swimming, I expected it to be boring with nothing to do besides throwing balls at each other and jumping in the pool over and over again. But things weren't as I imagined.

Volleyball was the first game we played in the pool this year. Even though I only made one point for the team, I still thought that being there in the pool was enough to satisfy me. Volleyball is a sport I enjoy with my cousins at their pool. However, with my peers and friends from Lasan, swimming at Lasan turns out to be pretty fun.

Volleyball isn't the only activity that makes swimming fun.....WATER POLO is SO MUCH better!!!! Water polo is fast- paced and full of action. It's also a game of strategy. You have to know who to throw the ball to so you can help your team win a point. Volleyball and Water Polo made this the BEST summer school even better!!!

There's nothing else better than swimming at Lasan, in my opinion. Sure song class, computer class, and watching bible movies are fun, but I think swimming is what makes a hot day F-U-N!!!!!!!!!!!!
